EMMITSBURG MAN KILLED FLYING PLANE

James Everett Knox, 22, of Emmitsburg, was killed instantly late Saturday afternoon when the control wire with which he was guiding his model airplane in flight came in contact with a high tension wire.

Knox, who was the son of Charles W. and Dorothy (Baumgardner) Knox, 280 S. Seton Ave., Emmitsburg, was electrocuted while he was flying model airplanes with friends near Woodsboro. He had left his home about 4:30 o'clock Saturday to go to Woodsboro.

When the metal leadwire touched a 7,200-volt line, a witness said Knox fell to the ground, then jumped up and exclaimed, "That was an awful shock!" An instant later he fell again—dead.

Served In Army

After the accident he was rushed to the Frederick Hospital but physicians said he was dead upon arrival and probably had been killed instantly.

Ironically, a sister of Knox was a nurse in charge of the emergency room at Frederick Memorial Hospital when the body was brought there. She pulled back a sheet to discover the victim was her brother.

Knox, who was employed by the Cambridge Rubber Company at Taneytown, was a veteran of service in the Army. He was inducted in March, 1953, and discharged this spring with the rank of corporal after 18 months in Germany.

He was a member of the Elias Lutheran Church of Emmitsburg.

Services Tuesday

Surviving in addition to his parents are two sisters, Miss Dolly A. Frederick, and Miss Linda S. Knox, Emmitsburg, and a brother, C. Thomas Knox, also of Emmitsburg. Funeral services Tuesday morning at 10 o'clock at Elias Lutheran Church with the pastor, the Rev. Philip Bower, officiating. Interment in Keysville Cemetery. Friends may call at the Allison Funeral Home in Emmitsburg this evening after 7 o'clock or at the church from 9 to 10 o'clock Tuesday morning.

INDIAN FARMERS LEAVE AFTER 3-MONTH VISIT

Four young farmers from India, who came to Adams County three months ago, admittedly with fear in their hearts, left Sunday afternoon by bus vowing that they would get back to visit again, if it is at all possible.

The four, all International Farm Youth Exchange representatives, were among 22 young men of India who came to the United States in May under the IFYE program to spend six months with farm families here. They scattered to all parts of the U. S.—the four here were the only ones in Pennsylvania.

This week they will take part in the IFYE convention at Chicago, and then will continue on to Nebraska for three months with farm families there. While at Adams County they will have a chance to talk with at least one Adams Countyman. John Naugle, assistant Adams County Farm Agent, and an IFYE member himself last year when he visited in Switzerland, will also be attending the Chicago session.

The four who took part in a tearful farewell with the farm families who were their hosts while in Adams County at the Greyhound terminal here Sunday afternoon at 12:40 o'clock, said they hope to return to Adams County for a brief visit when they return to Washington from Nebraska for their final week before returning to India.

Arranged By Starner

Myles E. Starner, Aspers, an IFYE delegate to Mexico two years ago, who headed up the committee that arranged for the visit by the Indians to Adams County, Sunday asked what impression they had gained during their three months visit here. They told him that they had arrived "afraid as to their acceptance by Americans, and how they would fit into the American family way of life." They said that the IFYE exchange had "completely changed their minds and thoughts concerning America."

Largest Gathering Of High Government Officials Ever To Visit Gettysburg Attend Eisenhower Picnic Saturday

Doll Maker Apologizes To President

NEW YORK (AP)—Doll manufacturer David Rosenstien has sent apologies to President Eisenhower for a protest over the President's purchase of Swiss dolls for his grandchildren.

Rosenstien, president of the National Doll Manufacturers Assn., said yesterday the complaint, sent out under his name, was the work of an overzealous press agent. Rosenstien said he had not authorized the publicity release, and his personal feelings are exactly opposite to what it said.

The release sent to news media had quoted Rosenstien as saying the entire American doll industry was "shocked" by the President's purchase of Swiss-made dolls while in Geneva for the Big Four conference.

Actually, Rosenstien said, he was flattered by the President's choice of dolls as gifts and he himself had bought dolls as gifts at the same shop in Geneva during one of his visits there.

INDIAN FARMERS

(Continued from Page 1)

ences between America and India is concerned—is "the way boys and girls, men and women, work, play and enjoy their lives together."

Dhanajirao J. Jadhav, of Bombay, said the dignity of labor in the U. S. was his greatest impression. "I was amazed to find that the farmers here work extremely hard themselves. In India the land owner does no work himself—he merely supervises. I think the fact that the farmers work themselves helps account for the high standard of living in America. It also puts everyone on the same level and makes democracy easier."

Raj Kinkar Choudhury, of West Bengal, and C. M. Rajan, of Travancore, joined in reporting they had found "American wonderful, and the people—we have never experienced such friendship."

Jadhav, along with the others, praised the families with whom they lived during the last three months. He said he was most impressed by the fact that one man can operate and manage a farm even during harvest seasons by using machinery. In his native India, he said a farm the size of Mrs. Rose Murren's—at whose home he resided the last month—would require ten men full time and extra help at harvest time—since all work is done by hand. He also was amazed at the variety of crops grown in America, the livestock and poultry raised, the crop rotation and cultivation and, especially, the machinery.

Milk records interested him. Cows in India average 600 pounds of milk a year. In the U. S. the average is 6,300 pounds of milk per year.

The Indians saw their first television shows here. American foods such as cherry pie, hot dogs and roast chicken were well liked. Most of the youths had to prepare an Indian meal for their hosts—complete with spices.

So well did the IFYE exchange work that several of the families present Sunday to say farewell asked Starnier if arrangements could be made for additional IFYE-sponsored youths to visit their homes in future years.

Starnier expressed his thanks to the families who were hosts to the delegates, including Lloyd Keefe, York Springs; C. J. Waybright, Gettysburg; R. D. Lyndale Brandon, Gettysburg; R. D. Roy Tate, Arendtsville; William Rombine, Fairfield; Maurice Fuss, Emmitsburg; John Shank, Hanover; R. D. Mrs. Rose Murren, Hanover; R. D. Melvin Nace, Hanover; R. D. Charles Klinger, New Oxford; R. D. and Elmer Bixler, Carlisle; R. D. a son of Mr. and Mrs. Bixler, Credon Bixler, will be a U. S. IFYE to India this month.

Anyone interested in helping is asked to report at the field any weekday evening. When the grounds are completed they will afford local patrons an opportunity to watch the ball games which are held every Tuesday and Thursday evening.

Leonard Zimmerman heads the field committee and is being assisted by Edward Lingg, Vincent Topper, "Tip" Harbaugh, Thomas Bollinger, Guy R. McLaughlin and Joe Stahlguy. The grounds are 200 x 300 feet.

Lions Hold Party

The annual Lions Club stag party was held Monday evening at Norman Shriver's cottage along Middle Creek, a few miles southeast of town. The 40 Lions indulged in horseshoes and softball. Fried chicken, shrimp, corn-on-the-cob, baked beans, tomatoes, pickles, potato chips and watermelon were served.

The monthly meeting of the Silver Fancy Club was held at the home of Mrs. Arthur Roberts, Littlestown, last Thursday. Miss Rhoda Gillelan and Mrs. William Marshman were co-hostesses. Fruit punch, cakes, and cookies were served.

The guest speaker was Mrs. John Richards, Emmitsburg, who gave a talk on birds found in this section of the country.

Two new members were invited to join the club and were present at this meeting. They were Mrs. Lloyd H. Crouse of Littlestown and Mrs. Allen Feaser of Taneytown. The next meeting will be held August 18.

The band will be the

featured entertainment at the Reformed Sunday School festival at Keysville on August 6.

A birthday party was held Sunday on the lawn of the home of Mr. and Mrs. John R. Joy, in honor of the third birthday of their daughter, Deborah. Many presents were received from those attending. Present were Mrs. Gertrude Joy and sons, Patrick, Michael and Kenneth, Mr. and Mrs. Robert Joy and children, Lee and Gloria, Mr. and Mrs. Robert Henke and children, Robert and Yvonne, Mr. and Mrs. Grant Long, Mr. and Mrs. Donald Long and son, Douglas, Mr. and Mrs. Roy Motter and their daughter, Barbara, Mr. and Mrs. William Martin and sons, Dennis, Tony, Gene and Bruce.

Want a quick snack to serve with a tomato juice cocktail? Mix equal parts of butter or margarine and finely grated Romano cheese; the cheese is now available in wedge-shaped portions in most food markets and can be grated at home. Spread the mixture on slices of bread, sprinkle with paprika and toast in a hot oven or under the broiler; cut each slice of bread into three long strips and serve at once.

This week Buick soars past the 600,000 mark!

Biggest-selling Buick of all time permits us to make the biggest trade-in deals ever possible!

HERE it is, just past July, and what do you think has happened?

Buick popularity has broken every past full-year record! That's the gospel truth. And Buick, of course, has had many great years before.

At the beginning of this week, Buick production passed 600,000 cars for the 1955 model year.

That is over 155,000 more automobiles than the full model year of 1954—when we captured third place in total national sales.

It is more than 11,000 higher than the full model year of 1950—when the automobile industry had its greatest year, and Buick established an all-time record that stood unchallenged until now.

It is almost a quarter of a million more automobiles than the full model year of 1941—which was the greatest pre-war record Buick ever reached.

In other words, there has never been anything before like 1955 in Buick history—when today Buick is building over

three cars every minute to meet the public demand.

Doesn't this tell you something important?

Doesn't this soaring Buick success mean that you owe it to yourself to see and sample the car that's breaking every record in the Buick book?

Doesn't it mean that you ought to try Buick's mighty V8 power—Buick's great room and comfort—Buick's cruiser-steady ride and roadability—Buick's superb visibility and precision handling ease?

And doesn't it mean you certainly ought to try Buick's Variable Pitch Dynaflo*—the world's only transmission with the switch-pitch principle of the modern plane's propeller—and the most spectacular performance advance of the year?

Come in and see us—this week, at the latest—and learn for yourself why today's Buick is the biggest-selling Buick of all time—and how big a trade-in deal we can offer you with this tremendous volume to back us up.

*Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on ROADMASTER, optional at modest extra cost on other Series.

The number of boarders at

are pleased to find the establish-

The boat will probably be a total loss.

SEVENTY-FIVE YEARS AGO

Last week a party of excursion-
ists consisting of thirteen "Sec-
ond Corps" men, who fought un-
der Hancock at Gettysburg in Gen.
Hay's brigade, visited the battle-
field, to look upon the ground over
which they fought, making the
"Eagle Hotel" headquarters. On
Thursday evening they called in
a body at the Star and Sentinel
office and reported themselves solid
for Garfield. They think well
of Hancock as a soldier, but don't
believe in following him into the
enemy's camp. A "political straw"
worth noting.

The "Blue-Blooded" Gentry of
the South object to making a "mule
whacker" President, and are con-
gratulating themselves on having a
"gentleman Winfield" as their can-
didate. They objected to Lincoln as
a "rail-splitter," and were wont to
call northern mechanics "mud-
sills." The war has not changed
the aristocratic tastes of these cav-
aliers. But the voting masses of
the country will delight to honor
the carpenter boy and canal driver,
as they did the rail-splitter.

"I shall not fall into the Demo-
cratic trap, though it is baited with
a Union General," said one of the
Boys in Blue the other day — and
that covers the whole ground.

Today's Talk

WHAT HAVE WE DONE?

In his appeal to young men Louis
Paster, the great French scien-
tist and founder of the science of
bacteriology, had this to say:
"Whatever your career may be,
do not let yourselves become
tainted by a deprecating and bar-
ren skepticism. Do not let your-
selves be discouraged by the suc-
cess of certain hours which pass
over nations."

Paster did a great service for
all humanity, against wide criti-
cism, but never did he become
discouraged. He had faith. He be-
lieved in God. He appealed to all
to contribute what they could to
life, one's country, and to progress,
so as to say at the last: "I have
done what I could." Nothing adds
to one's own happiness so much
as to add to the happiness of some-
one else.

It is important, all through life,
to keep asking oneself: "What
have I done?" "How have I helped
my country?" "Whom have I in-
spired today?" The years travel
very fast after middle life. W.
Somerset Maugham wrote a very
interesting book some years ago,
which he called "The Summing Up."
It is a narration of the ideas,
philosophy and comments during
his years as a writer. Anyone who
has read many of Maugham's
books can well say that he has
philosophy.

When we note all around us the
many important tasks that others
are carrying out we can well wish
and strive to do better things —
and more of them. But we are
not to imitate; we are to create,
and enlarge our vision so that we
may increase our usefulness and
add to our personal happiness.

What a wonderful statement to
make, if we can make it honestly
and without boast, that we have
done the best we knew. At the
end of a most unusual life Paster
said: "I have done what I could!"
One thing he did was to save thou-
sands of mothers and their babies
through his discovery of pasteur-
izing milk. His name should be
honored forever!

Tomorrow Mr. Adams will talk
on the subject: "Outlets"

PARTY

A party is a gay affair
Where old friends meet and new
are made.

The guests their finest raiment wear
And songs are sung and games
are played.

The room with pleasant chatter
hums.

A few the latest jokes will tell.
But what is best: nobody comes
With anything to buy or sell.

The rules are simple, all be gay:
Be done with wealth and fame
and pride.

And leave the troubles of the day
As soon as you arrive, outside.

Bring in the memories of the past;
Re-live them for an hour or two,
And while these hours for
friendship last

Forget the tasks you have to do.
We are the only ones who give
A happy party to our friends.

All other creatures seem to live
Exclusively for selfish ends.
Alone they live; unmourned they
die.

They dwell in places bleak and bare;
Nothing to others they supply.
They have no pleasures they
would share.

MORSE CALLS
FOR NEW PROBE
ON TALBOTT

WASHINGTON (AP)—Two Republi-
cans say they are content to leave
Harold E. Talbott's status to Presi-
dent Eisenhower, but Sen. Morse
(D-Ore) has called for a new Sen-
ate investigation of the Air Force
secretary.

Chairman Leonard W. Hall of
the Republican National Commit-
tee and Rep. Martin (R-Mass), the
house minority leader, expressed
confidence yesterday that Eisen-
hower will make the right deci-
sion in Talbott's case. In separate
radio-TV interviews, both also ex-
pressed doubt the matter would
have any bearing on the 1956 elec-
tion.

Eisenhower told his news con-
ference whether Talbott had main-
tained "a proper standard of
ethics" in work he did from his
Pentagon office for Paul B. Mulli-
gan & Co. of New York.

Morse has dismissed as "just
a rumor" reports from some Re-
publican sources that he has de-
cided to resign, but has said he
"will do whatever the President
wishes me to do." He said he was
giving up his special partnership
in the Mulligan company, a man-
agement engineering firm.

Morse took the Senate floor Sat-
urday night to report he had new
information on Talbott and to sug-
gest that the Senate Investigations
subcommittee "determine what va-
lidity there is to it."

Not Injecting Politics
"Secretary Talbott's record dem-
onstrates quite clearly," Morse
said, "that he did not possess the
attributes so necessary in a public
servant." He said he is concerned
with Talbott's "concept of what is
right and what is wrong" as a
public official.

Hall was asked whether from a
political standpoint he considered
it essential that the President fire
Talbott.

He replied that "up to the pres-
ent time, politics from our side
hasn't entered into that question."
If I went over to the Presi-
dent and tried to inject politics into
that situation, I think I'd be
bounced out of the White House."

SAYS BALANCED
BUDGET WILL
AID GOP IN 1956

WASHINGTON (AP)—Sen. Bridges
(R-NH) said today Republicans
will fare better in the 1956 presi-
dential campaign if they face the
voters with a balanced budget
than they would by cutting taxes.
Bridges, who heads the Senate
Republican Policy Committee, and
Sen. Byrd (D-Va.), chairman of
the Senate Finance Committee,
expressed the view in separate
interviews that the budget won't
be balanced if there are any tax
reductions.

"As far as I am concerned,"
Bridges said, "I believe we will be
much better off in the campaign
if we balance the budget than if
we try to cut taxes. We can't do
both."

Byrd, who didn't support Demo-
cratic nominee Adlai E. Steven-
son in 1952, said that if President
Eisenhower wants to match fed-
eral income and outgo he will have
to oppose tax reductions.

Two Tax Cut Ideas

Eisenhower has said it may be
possible to cut taxes as soon as
budget balancing is in sight. Demo-
crats, who sponsored an unsuccess-
ful effort to whittle individual
income taxes in the expiring con-
gressional session, already are
working on plans to bring a tax
reduction program before Con-
gress early next year.

Byrd estimated that budget
balancing would be possible with
a 2 per cent reduction in this
year's government outlays—bud-
geted at 62 billion dollars—if re-
venue continues to exceed estimates.

White Sox Take Pair From Nats While Yanks, Tribe Split With A's And Orioles; Ted Hits Grand Slam

By JACK HAND

The Associated Press

Take it from the Yanks and Indians, you just can't trust those A's and Orioles any more.

While Chicago was squeaking past Washington yesterday in both games, opening up a one-game lead in the American League, New York and Cleveland were running into trouble with Kansas City and Baltimore and had to settle for splits.

As a result of the weekend's furious action, the Yanks and Tribe are tied for second place as they open a three-game series at Yankee Stadium tomorrow night.

Boston, a double winner over Detroit, 8-3 and 3-2, is only three games behind the White Sox, who invade Fenway Park for three games, starting tomorrow.

A's And Yanks Split

Chicago had to press hard to take Washington 3-1 in 11 innings when a Senators' relief pitcher, Pedro Ramos, hit one man and walked another with the bases loaded. Then they had to hold on tight to ride out a ninth-inning Washington threat and save the second game 6-5.

The recall of Don Larsen from the Denver farm looked like just what the Yankees needed as he threw a four-hitter at the A's in the first game for a 5-2 victory. Then the A's, who humbled New York Saturday 12-2, rose up to score five in the ninth and take the second game 7-1. Gus Zernial's two-run homer in the eighth gave the A's the lead.

The clubs tied a major league record with nine double plays in that second game.

Tribe Loses Opener

Cleveland saw a three-run lead melt away as Baltimore scored four in the eighth to win the first game 4-3. The Indians needed a triple play and a six-hit shutout by Art Houtteman for a 6-0 verdict to get even for the day.

The heady Red Sox at Fenway Park got a life from Ted Williams' first grand-slam homer since 1951 and the 12th of his career as Frank Sullivan won his 10th in the 8-3 opener against the Tigers. Jim Piersall's leadoff homer in the ninth gave bonus baby Frank Baumann a relief victory in his first major league game. Billy Hoelt was the loser.

Brooklyn continued to pour it on its National League rivals, opening up a 13½-game edge on Milwaukee by bombing the St. Louis Cardinals with 14 hits, 12-2. Don Newcombe breezed along with a five-hitter, bringing his record to 18-1. Roy Campanella's 200th homer of his career was one of four hits by the Dodger catcher.

Giants Discouraged

The New York Giants, 17½ games back and so discouraged that they sold Sal Maglie to Cleveland, broke Milwaukee's six-game winning streak 7-3. The Braves also lost the services of first baseman Joe Adcock for a month. He suffered a fractured right forearm when one of Jim Hearn's pitches struck him. Willie Mays hit home run eno. 33.

Chicago swept two from Philadelphia 7-1 and 6-5 with Warren Hacker pitching a five-hitter in the opener and Dee Fondy winning the second with a two-run homer. Cincinnati won a pair from Pittsburgh 7-4 and 6-5. Gus Bell had four hits, including two doubles in the opener, and Ted Kluszewski won the second with a bases loaded single in the last of the ninth. Kluszewski hit his 35th homer earlier in the game.

Hagerstown Meet

Opens August 17

HAGERSTOWN, Md.—On August 17 the second segment of Maryland's 1955 half-mile racing season will be inaugurated with the opening of the Hagerstown annual 10-day meeting. The Hagerstown session will run through August 27, with no racing on Sunday.

This will mark the fourth year that Dr. Robert C. Snively will serve as general manager of the local meet, which is sponsored by the Hagerstown Fair Association.

The Hagerstown track, termed the "Little Saratoga of the mid-west," has annually shown an increase in wagering under Snively's leadership, with the exception of last year when rainy weather cramped the meeting for three days.

Snively announced that there will be no shortage of horses and all of the fields will be filled. The caliber of horses coming to Hagerstown is of the highest quality with many of the stables shipping in direct from Monmouth and other mile ovals.

Taneytown climbed into a tie for third place with Hunterstown by scoring two victories over the weekend in South Penn baseball league contests.

A 7 to 3 victory on Saturday over Brushtown in a game that had been postponed, started Taneytown up the ladder, then it eked out a 4 to 3 win victory Sunday over Hunterstown itself to pull into the tie.

Bonneauville was another to score a one-run victory, overcoming Greenmount 2 to 1.

It took ten innings for Mummasburg to secure its one-run, 6 to 5, victory over the league titlists, Wenksville. Wenksville scored in the first and fourth to secure its five runs and was leading 5 to 3 in the eighth when Mummasburg pushed across two runs to tie the game at 5 to 5. Neither side scored in the ninth. Jay Hartzell doubled in the eighth to score Toddes and Allison to tie the game, then singled in the tenth to drive in the winning run.

Brushtown had little difficulty with Harney, running up a 12 to 1 lead by the end of the eighth. Harney pushed across five runs in the ninth.

TONY TRABERT IS SIDELINED BY BACKACHE

SOUTHAMPTON, N.Y. (P)—The United States' once-bright Davis Cup hopes darkened today.

The country's top tennis ace, Tony Trabert, was sidelined for at least a week, possibly longer, with a mysterious backache.

There is no certainty the 24-year-old Wimbledon champion from Cincinnati, the one man who might save the cup, will be ready for the Challenge Round Aug. 26-28 at Forest Hills, N.Y.

Defaulted Match

Tony, plagued by the back ailment all week, reached high to hit a service in the final match of the Meadow Club tournament here yesterday and felt, he said, a sharper pain run up his back.

So, after consulting with officials, he defaulted the championship match to Eddie Moylan, of Trenton, N.J., who led 1-0 in the fifth set. Trabert had lost the first set 3-6, won the next two 6-2, 8-6, and then dropped the fourth 6-8 when he decided to quit.

Then, in quick order, he conferred with Bill Talbert, Davis Cup captain; pulled out of Eastern Grass Courts Championships opening today at Orange, N.J., and made arrangements for intensive treatments of the disorder this week in New York.

No one knows when he'll be ready to play again.

Talbert, the cup team captain, said: "Naturally we aren't going to be too pessimistic until we get the full picture. But anything that might slow up Tony's play is bound to be a disheartening break for our side. This we know — our prime concern is having him ready for the cup matches."

Tony himself said he started feeling the pain in his back early in the week but didn't say anything about it because he wasn't being pressed.

"It feels as though it may be a dislocated disc or a pinched nerve in my vertebrae," he said.

A Southampton physician Saturday described the ailment as a "strained muscle and not too serious."

Bout At St. Nick's

Tony Anthony, a New York Golden Glove grad, either wins or gets knocked out, according to the 23-3 record he takes into tonight's scrap with Bobby Boyd, of Chicago.

Anthony has flattened 18 opponents but all three of his defeats were by knockouts to Willie Troy, Jacques Royer and Miguel Mendivil.

Du Mont will telecast the 10-round match at St. Nicholas Arena in New York.

Boyd has a 33-6 record, losing only to Milo Savage on a split decision, in six fights this year.

DECIDE MEN'S TITLE TONIGHT

Dick Heintzelman needs only one more set to win the men's division of the Recreation Association tennis tournament, when he and Ed Hirschman return to their final match at 6:30 o'clock this evening. Hirschman, on the other hand, faces an uphill battle. He must win three sets without losing any for the title.

The match began last Thursday, with Heintzelman coming out on top in two hard-fought sets, 6-4 and 7-5. The score stood at 4-4 on the third set of the best-of-five when the match was called because of darkness.

One doubles semifinal is also scheduled for tonight. In it Helen McIlhenny and Rachel Heldt will play Dick Cogley and Lloyd Benner. Mrs. McIlhenny and Mrs. Heldt defeated Jane Bigham and Jody Bream in the first round, while Cogley and Benner beat their way past Sid and Rod Steinsour.

The last first-round doubles match has been set back to Wednesday evening. It will match Hirschman and Hugh McIlhenny against Glenn Weishaar and Jim Gilbert.

Marlyn never was in trouble, although thousands of spectators moaned in unison when she was caught by the tricky current a few miles from Dover.

Her time was 14 hours 36 minutes. Brenda Fisher of England holds the east-west record of 12 hours 43 minutes. Miss Chadwick, who already has swum the difficult stretch of water three times, holds the west-east mark of 14 hours 42 minutes.

The channel is only 21 miles at the narrowest spot, but the tides are treacherous.

PICK CHARLES TO TAKE BOUT ON WEDNESDAY

By JACK HAND

Despite the latest rankings that show Tommy (Hurricane) Jackson No. 3 heavyweight contender and ex-champ Ezzard Charles No. 6, the Hurricane is a 2-1 underdog against old Ezzard Wednesday night at Syracuse, N.Y.

The 10-round match will be carried on ABC radio and TV.

Charles, 34, veteran of 104 fights, has shown a tendency to go down under a heavy punch in recent years. Although he has won five of six this year, he was stopped by Johnny Holman and had to get off the deck to whip Paulie Anderson July 23 in his most recent fight.

Jackson, 23, never a solid puncher, wears a man down with his tireless moves. Although he can't box and can't punch, he has stopped 11 while compiling a record of 22-3-1.

NEW YORK (P)—Sal (The Barber) Maglie came back to the big town today. This time, though, he returned as a visitor, starting out all over again at 38 as a pitcher for the Cleveland Indians.

Maglie, who helped pitch the New York Giants to two National League pennants and one world championship, will be in the uniform of the Tribe tomorrow night when they open an important three game series against the New York Yankees.

Dealt to the Indians for a reported \$25,000 yesterday, Maglie packed his belongings and cleared out of Milwaukee as soon as the Giants finished their double-header with the Braves.

"I'm not disappointed at leaving the Giants," he said, "although it sure is tough breaking my long-time associations with some of my pals."

While he didn't say so, it was generally known that there was no love lost between him and Manager Leo Durocher. Only a month ago, Durocher accused Maglie of loafing on a fielding play.

"The Giants have been my only club," Maglie commented, "but I'm happy to go to Cleveland. I know most of the Indians' players. I shouldn't have any trouble in the American League. The hitters don't have a book on me."

Asked about the condition of his arm—he hasn't pitched a complete game since June 22 and was knocked out in the first inning against the Braves last Saturday—Maglie said:

"My arm is perfectly okay. I don't think I'm following through right. I've experienced trouble like this before and I'm sure I can work it out."

The acquisition of Maglie, who led the Giants to their miracle pennant of 1951 with a 23-6 record, was regarded as a triumph for Indian General Manager Hank Greenberg over the Yankees, who also wanted him.

MEET OPENS AT GOSHEN TRACK

GOSHEN, N.Y. (P)—This little capital of light harness horse racing donned its annual carnival garb today as the 5-day Grand Circuit meeting opened with the names of at least 11 3-year-old trotters expected in the entry box for the 29th renewal of the \$95,000 Hambletonian.

A check of the barns at Good Time Park, where some 20,000 fans are expected to gather Wednesday for the sulky derby, showed Scott Frost, 1954 2-year-old champion, had scared away all except two stablemates and possibly eight others.

The reduction of the money distribution from six to four places also made some owners think twice before paying the \$1,000 starting fee. The winner gets 60 per cent of the purse, the second place horse 25, third 10 and fourth 5.

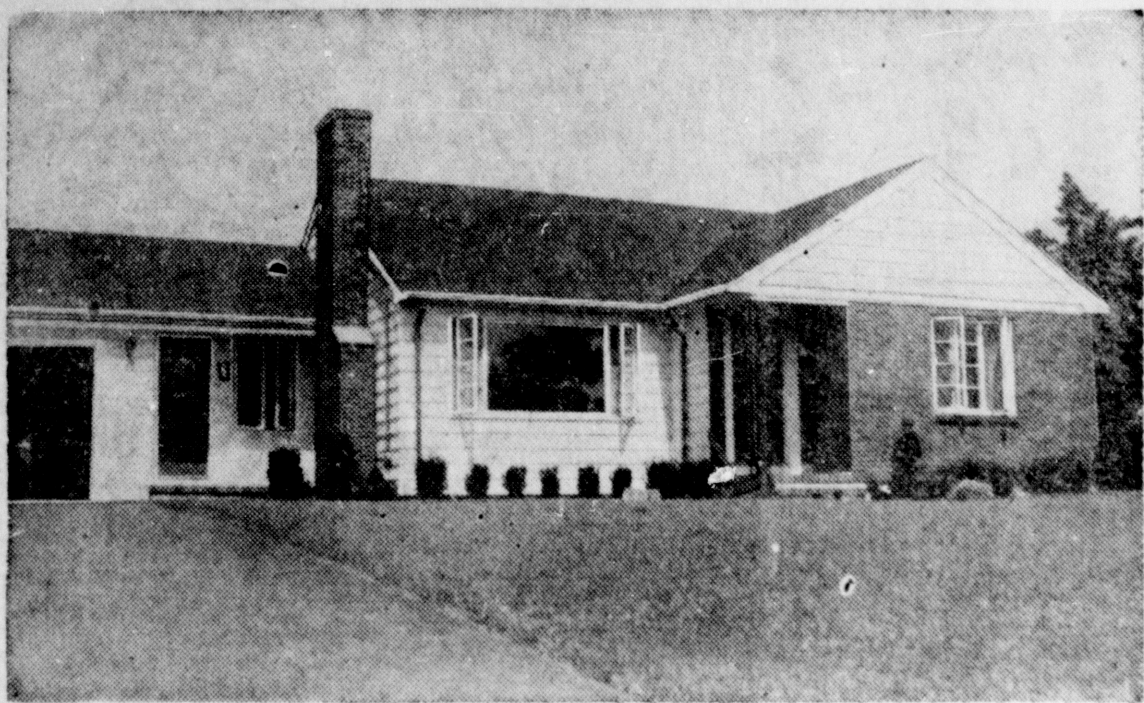

One name was already in the entry box—Flemington, an outsider owned by Arthur Brown of New York who was entered Saturday. Entries close at noon today.

Equally attractive both inside and out, "The Aronville," today's presentation from the Home of the Week Plan Service, features a spacious, well-planned six-room interior.

Although any type of exterior finish would blend with the architecture of "The Aronville," a combination finish, as used in the illustration, is especially well suited to this home. The abundance of windows and the breaks in the roof line add greatly to the overall exterior appeal of this modern house.

With overall measurements of 60' x 33', "The Aronville" requires at

least an 80-foot lot. Cubage of the house is 24,000 feet; cubage of the garage is 4,000 feet.

The small porchway at the front

door serves the dual purpose of providing protection and at the same time of adding ornamentation. Just large enough to help protect the living room from drafts caused by opening the front door, the entry hall doesn't contain any closet. However, guests' wraps could easily be kept in one of the closets opening off the hallway to the right of the living room.

In addition to the two regular bedrooms in the right wing of "The Aronville" there is a third room which can also be used as a bedroom. This room is equally suited for use as a den or guest room.

Opening directly off the kitchen is the dining room. This pleasant room is well lighted and ventilated by the window centered in the back

wall. Two china closets, built into the front corners of the room, provide ample storage for your fine china and glassware.

Planned and arranged to make kitchen tasks as easy and pleasant as possible, the good sized kitchen contains a breakfast nook where you can conveniently serve the family's meals. A large window looking out on the front yard brings extra light and ventilation into the breakfast nook.

An integral part of the overall architecture of "The Aronville," the garage is large enough for one car. And, if he so desires, the home handy man can put his work bench under the window in the left wall of the garage. There also is ample space for storage of lawn and garden tools.

Your laundry equipment should be installed in the basement of "The Aronville"; it should be placed under the kitchen or bath. The heating plant should be installed under the living room.

Complete plans and specifications for this house, and all other "Home of the Week" designs are available at moderate cost. Write the Building Editor of The Gettysburg Times.

Afternoon refreshment: cover a chocolate cake with mint-flavored frosting and serve with hot or iced tea or coffee. Use a standard 7-minute frosting recipe and when the frosting has been beaten and cooked over hot water for the required length of time, add two or three drops of green food coloring and one or two drops of mint extract. Beat until proper consistency and use for filling and frosting two 9-inch layers.

Gardeners Need To Know Ways Of Water In Soil

A Leaky Canvas Hose Serves As An Irrigation Ditch.

An amateur gardener with a garden hose practices irrigation just as truly as a farmer who irrigates field crops. Both should understand the behavior of water in the soil.

Ideas about soil water are often vague, and likely to confuse the action of water in a lake or pond with that applied to the soil. There are few points of resemblance.

Water applied to the soil does not seek its own level. If the soil is dry, the soil particles attract water to themselves and hold it against the pull of gravity. Not until the water holding capacity of the top soil particles has been filled can additional water find its way to lower levels. There is never a substantial lateral movement of

water in the soil.

If sufficient water is applied to dry soil to wet it to a depth of say four inches, the soil below that will remain dry, and the top soil will dry from the top down. Root growth cannot be active below the moisture and thus even liberal watering may confine roots to this shallow level.

To send moisture eight inches deep, almost twice as much water must be applied, sufficient to fill soil holding capacity to that depth. One way to make sure of deep irrigation is to turn the hose on after a good rain, providing water for soil deeper than the rain could reach.

Soil holds its water with considerable tension, but roots exert a

counter pull, and when the moisture is plentiful can take it away. But as the soil dries, its hold on moisture becomes stronger until the point is reached where the roots cannot take it.

As the top soil reaches this point roots will lengthen to find moisture at lower levels. The deeper the moisture, the longer the roots, enlarging the area over which the plant can obtain both food and water. This increases the vigor of the plant and its ability to withstand dry weather. It keeps lawns green in midsummer and makes flowers, fruit and vegetables grow faster and larger.

Good practice permits the water to dry down, rather than keeping the top soil constantly moist, so long roots are developed. But when drying has reached the half-way point, more water should be applied. Tests have shown that this practice produces the best results with most garden plants.

To tell when more water is needed an instrument called a tensiometer may be used, which measures the tension with which the soil particles hold water. When this tension at a certain depth is sufficient to prevent roots from feeding, the instrument shows it.

Amateurs can keep informed about underground conditions by digging a hole in the vegetable garden, or a flower border adjoining the lawn, which receives the same amount of water. Dig this after watering, to determine the depth which has been reached by moisture, then fill it up. Keep the space clear so you can dig again to see when the soil has dried down sufficiently and needs another soaking. A six to

eight inch depth at each soaking should be the minimum.

This kind of irrigation can only be successful on well drained, porous soil. A porous soil allows both air and water to pass through it, after its water holding capacity has been filled. If the soil particles are so small and compacted that excess water cannot escape, air cannot enter, and plant roots which need oxygen are unable to function for lack of it, not even to take up the water which surrounds them. As a result the top growth may die of drought, while the roots are flooded with water.

Water should be applied to the lawn and garden areas as evenly as possible. Use a sprinkler which spreads it slowly so there is no run off. Vegetables and flowers should be watered without wetting their leaves, if practical. Avoid allowing plant leaves to be wet at night, as this will spread disease.

A canvas hose, which leaks all along its length, is an excellent device for irrigating row crops, or borders, serving as a portable irrigation ditch.

PEKIN, Ill. (AP) — James Everett Pherigo listed "one black cat" among his assets on his bankruptcy petition. Pherigo, a lumberman, used the space reserved for farmers to list livestock. He gave the cat's value at \$50.

ADJOURNMENT MAY NOT COME FOR FEW DAYS

By JOE HALL
WASHINGTON (AP) — Congress adjournment plans were snarled today by disputes over public housing and pay raises for its own employees. Other major legislation was also pending.

Leaders in both branches fixed tonight as their new goal for quitting.

The House kept working Saturday night until 7:38 p.m. and the Senate until 10:45 p.m. but neither cleared the way for adjournment in advance of the July 31 deadline set up in the 1946 Reorganization Act.

May B. Several Days
Some lawmakers said privately the session might last two or three more days.

Others, however, said it might be hard to round up a quorum by midweek. Many senators and representatives already have left town for home or on trips. A contingent of senators sails from New York today for Europe.

Three key measures tied up in Senate-House conferences make up the bulk of the remaining work load, although lawmakers inter-

ested in numerous other bills will make last-ditch efforts to get them through. The three are:

Three Key Troubles

1. The housing bill, on which Senate-House conferees met until almost midnight Saturday and then broke up in a sharp disagreement on public housing.

2. The Defense Production Act, to extend several powers requested by President Eisenhower in the mobilization program. Almost the same conferees are involved in this as on the housing bill.

3. The 92-million-dollar legislative appropriations bill, final money measure of the session. Conferees failed to reach agreement on this Friday, did not meet Saturday.

Try For Conference

The housing bill, vital to continuance of boom conditions in the nation's home-building industry, may well be the biggest hurdle to adjournment tonight.

Sen. Fulbright (D-Ark), chairman, said he would attempt to get the conference together today.

Eisenhower asked for 35,000 new public housing units in each of the next two years. The Senate upped this figure steeply to 135,000 units a year for the next four years, but the House eliminated all public housing from the measure.

Seek Compromise

In the haggling Saturday night, Senate Democratic conferees offered to compromise on 50,000 units for one year. But the House group refused to accept this, holding out

During Channel Swim

Marilyn Bell, 17-year-old Toronto schoolgirl, is shown during her swim across the English Channel from France to England Sunday. In background is an unidentified friend swimming with her to pace and encourage her. Another friend, in accompanying boat, also offers encouragement. Marilyn, who was the first person to swim Lake Ontario, entered the channel at Cap Gris Nez, France, at 11:55 p.m., EST, Saturday. She came ashore at Abbots Cliff, near Dover, England, after 14 hours, 35 minutes in the water.

for no more than the 70,000 units over a two-year period asked by the President. They said they would have no chance to get any more through the House.

The conferees reported tentative agreement Saturday on the other provisions of the bill extending

such important government housing programs as FHA home mortgage insurance.

Ever serve spicy prunes with cold meats? Delicious with ham and smoked tongue! Just cook the prunes with stick cinnamon, whole cloves and thinly sliced lemon slices. Add sugar to taste and refrigerate overnight to allow flavor to develop.

Russian Troops To Leave Austria Oct. 1

MOSCOW (AP)—Soviet Defense Minister Georgi Zhukov has ordered 44,000 Russian occupation troops to leave Austria by Oct. 1—a month ahead of their deadline.

Marshal Zhukov, wartime friend of President Eisenhower, announced the decision in an order of the day yesterday. He also said Russia's huge armed forces would be reduced by the number pulled out of Austria, in keeping with a Soviet proposal at the summit conference that all four occupation powers cut their forces by the number evacuated from Austria.

California Governor Frightens Prowler

SANTA MONICA, Calif. (AP)—California's Gov. Goodwin Knight frightened off a burglar he caught prowling in the Miramar Hotel cottage in which he and his wife were sleeping yesterday, police reported.

Knight told reporters the prowler fled through an open door when he shouted, "I'll get you." Mrs. Knight said she awoke to see a "round white face about four feet away." She called police while her husband jumped from the bed.

The Governor said nothing was

missing. The only damage was an overturned chair and a drinking glass which was broken by the prowler on his way out.

Says Small Business Contracts Are Cut

WASHINGTON (AP)—A Senate committee reports a drop in defense contracts awarded small businesses and says that "many small, efficient producers will be forced to close their doors" unless the trend is reversed.

The Senate Small Business Committee said last night that contracts received by small firms represented 20.8 per cent of the total in the 12 months ended June 30. This compared with 25.1 per cent a year earlier.

Season grated cheddar cheese with tomato catchup and finely grated onion; moisten with mayonnaise. Use as a sandwich filling. Chopped pimiento-stuffed olives may be added to the mixture if desired. Another good sandwich mixture is made of mashed canned sardines to which lemon juice, pickle relish and minced parsley have been added.

Actress Suzan Ball Leaves Hospital

HOLLYWOOD (AP)—Actress Suzan Ball, suffering a recurrence of cancer, has been released from the City of Hope Hospital for continued treatment under guidance of her private physician.

The hospital said Miss Ball's condition remained serious and that a program of therapy and management established at City of Hope will be continued.

The 21-year-old actress was escorted from the medical center Saturday by her husband, actor Richard Long.

Baby Born Through Hypnotism Is Dead

DALLAS, Tex. (AP)—Michael Edward Schwartz, the baby born two weeks ago to Mrs. Edward J. Schwartz while she was in a critical condition with bulbar polio, died last night.

The mother was hypnotized during the six-hour labor period. Doctors said the circumstances of the birth may have contributed to the infant's weakened condition, but polio itself was not involved in the death.

The mother remained in a "very serious" condition.

You can own a 1955 Ford, with years-ahead Thunderbird styling, exciting new Trigger-Torque power and new worth-more features, for hundreds of dollars less than any other car of such fine-car quality!

Of all fine cars, Ford stands out as the only one with a really low price tag.

A look won't tell you Ford is priced lower. For Ford's years-ahead, long, low lines are Thunderbird-inspired. And this Thunderbird beauty is baked-on . . . in a wide choice of brilliant enamel colors.

A ride certainly doesn't betray Ford's lower price, either. Soft, foam-rubber cushions and thick carpet (on many models); plus custom-tailored fabrics

are all standard at no extra cost. And Ford's wondrous Angle-Poised Ride cushions out the shock of little and big bumps alike.

But the greatest surprise of all is Ford's Trigger-Torque power . . . unmatched even in some cars costing hundreds more. And it's backed by Ford's unexcelled record in building over 15,000,000 V-8's.

FOUR SENATORS ASK FOR VISAS TO VISIT RUSSIA

By EDWIN B. HAAKINSON
WASHINGTON (AP)—Four senators said Saturday they have asked the Soviet Embassy here for visas to visit behind the Iron Curtain late this summer.

Other congressmen indicated they too may avail themselves of the recently displayed welcome from Communist leaders to look over Russia.

Senators Ellender (D-La.), Sparkman (D-Ala.), Purtell (R-Conn.) and Kefauver (D-Tenn.) said in separate interviews that they will see Moscow and other Russian points in September and October unless they are refused admission.

Congressmen are taking off for all parts of the world as soon as the session ends. Capital veterans say it's the biggest junketing season in years.

Sparkman said he wanted to go to Russia because "frankly, I want to see the country, the people and whatever I can see."

He will be among congressional delegates to the Interparliamentary Union session in Helsinki, Finland, late in August.

He said Russian Embassy officials here had "been very courteous when we asked visas and

sent up forms at once with full instructions in English on how to apply."

Kefauver also wants "to see for myself what is going on over there (Russia)."

"There has been a lot of talking constantly about Soviet Russia but few of us have actually seen it," he said. "Almost all the legislation we've had for the past 10 years has had to do with Russia, the cold war and defense."

Purtell also will attend the inter-parliamentary sessions in Finland. "I hope to get the feel of the country," he said.

Ellender plans to visit Russia by airplane and alone.

SEES BALANCED BUDGET IN YEAR

WASHINGTON (AP)—Sen. Byrd (D-Va.) said Saturday he saw the possibility of a balanced budget in the year ahead if the administration and Congress do not cut taxes in the 1956 session.

And Byrd's Virginia colleague, Democratic Sen. Robertson, said an analysis of the record of the 1955 session in cutting appropriations had convinced him of the same possibility.

President Eisenhower has forecast a \$2,400,000,000 budget deficit for the current fiscal year, which began July 1. The Treasury says so far it is sticking to this figure.

Byrd told a reporter it appeared to him, however, that the Treasury had underestimated tax receipts for fiscal 1956 in view of the continuing business boom.

He said it now appears the rev-

Mary Jane won the state title Friday night at the commander's ball of the state convention.

HARRISBURG (AP)—Three of five Republican senators believes targets of a labor union drive to seek support for Gov. Leader's House-passed classified income tax said Saturday they would definitely vote against the levy.

YOUNG MOVIE ACTOR KILLED IN AIR CRASH

BURBANK, Calif. (AP)—A flaming crash of a private airplane last night killed three persons, including actor Robert Francis, 25, who starred as Ens. Willie Keith in the movie version of "The Caine Mutiny."

Officers said the body of Francis was found strapped in the pilot's seat. Other victims were Mrs. Audrey Ann Dosh, 24, who had some minor motion picture roles under the name Ann Russell, and George Meyer, 38, a business partner of actor Joe Kirkwood, the "Joe Palooka" of the films.

Francis was considered one of Hollywood's most promising young stars. He graduated from Pasadena (Calif.) City College in 1947 and served two years in the Army before stepping into film parts.

He was a virtual unknown when signed for the leading part of a maturing young naval officer in "The Caine Mutiny." He subsequently had leading parts in "The Long Gray Line," "They Rode West," "I Was a Prisoner in Korea," and "Bamboo Prison."

WASHINGTON (AP)—Sen. Byrd (D-Va.) reported Saturday the government ended its fiscal year June 30 with 2,394,273 civilian employees—9,768 less than a year ago despite a June increase of 17,418.

Byrd is chairman of the Joint Congressional Committee on Reduction of Nonessential Federal Expenditures.

He reported employment by civilian agencies at the fiscal year's end totaled 1,197,592—an increase of 12,524 during the year. Civilian employment by military agencies totaled 1,186,681—a decrease of 22,292 during the year.

MUST SAVE FACE FOR CHINESE IN FREEING YANKS

WASHINGTON (AP)—The United States went into talks with Red China at Geneva today convinced a way must and can be found to free 51 Americans Peiping holds without causing the Communists to lose face.

A key to such an arrangement might lie in the Chinese who the Reds claim—despite U.S. denials—are being held in this country against their will.

On their part, the Chinese Communists are expected to seek some sort of package deal aimed at settling general Far East tension issues. This presumably would require a foreign ministers' meeting with a number of nations taking part.

The No. 1 objective of U. Alexis

Johnson, U.S. ambassador to Czechoslovakia, who is conducting the Geneva talks with Wang Ping-nan, Peiping's envoy to Poland, is the release of the 51 Americans.

But he has been instructed also to try to find out whether the Reds would accept a cease-fire in their sporadic fighting with the Nationalists in the Formosa Strait.

On the eve of the talks, Chairman George (D-Ga.) of the Senate Foreign Relations Committee said "things may get out of hand" in the Far East "unless we act wisely and resolutely." George has called for a meeting with Peiping at the foreign ministers' level, but Secretary of State Dulles has said the time for such talks has not

arrived.

Danger Point
George said the situation in the Far East remains "the point of greatest danger for the moment."

Sen. Knowland of California, the GOP Senate leader, said in a separate interview yesterday that "we have made some progress in exploratory conferences" but it is too early to tell whether Russia's conciliatory attitude will carry through when it comes to working out details.

NINE KILLED IN ACCIDENTS OVER WEEKEND

By THE ASSOCIATED PRESS

Nine persons were killed in Pennsylvania in accidents over the weekend. Five died on the state's highways, three drowned and one was asphyxiated by carbon monoxide gas in a small coal mine.

Francis Cambre, 20, of Locust Valley in Barnesville, was overcome by gas from a pump engine in his slope mine about 10 miles northwest of Pottsville Sunday.

Seven others, including six from Tuscarora, were partially overcome by the gas when they attempted to rescue him.

Cambre had gone into the mine to check a pump he had been using to drain the diggings. Cambre both owned and operated the small hard coal mine.

On Friday, 4-year-old James Thompson, was killed and six other members of his family were injured when their car overturned while traveling east on the Pennsylvania Turnpike near Harrisburg.

Two autos, which police say were racing, crashed into a third early Saturday on Route 1 near Kennett Square, killing Edward J. Bonsall, 21, Kennett Square, identified as one of the drivers of the racing car. Five others were hurt, two seriously.

In another three-car crash on Saturday, Jess Hinderliter, 33, Cabot R. 1, Butler County, was killed and four others were injured. The accident occurred on Route 356, seven miles south of Butler.

Racer Killed. Carl G. Lindquist, 47, Oil City, was racing a foreign sports car against time when it careened off a small grass track near Warren and rolled over on him Sunday. He was killed in the crash.

And about 17 miles west of Millford Sunday on a Legislative Route in Porter's Twp., a car ran out of control and smashed into a tree, killing 19-year-old Joan Murphy of Philadelphia.

Heinz Augustine, 40, Mars, stepped into a deep hole in the Allegheny River while fishing Saturday and drowned. The accident occurred near Tionesta.

Other Drownings. John Weir, about 25, Zellenople, drowned Sunday while swimming in Sandy Lake, near Sharon.

Also on Sunday Robert Walsh, 20, of Olyphant, apparently drowned in Promised Land Lake, Pike County, about 30 miles north of Scranton. State Police said his clothes were found on a dock and authorities began dragging the lake.

The fire destroyed 17 surrounding private homes.

Milk Truckers' Strike Averted

POUGHKEEPSIE, N. Y. (AP)

A strike of milk tank truck drivers that threatened to cut off supplies to customers in the New York city metropolitan area has been postponed.

Several hours before the strike deadline last midnight, Samuel Gelman, chairman of the joint negotiating committee for the AFL Teamsters Union, announced:

"There will be no strike tonight." Gelman declined to say whether there were plans for a strike later today or at some future time if the union fails to get a new contract with 23 milk hauling companies. The old contract expired last midnight.

The employers, represented by the Dairy Transport Assn., immediately issued a statement saying the union was playing "a cat and mouse game."

The union's announcement came after it suspended negotiations for a new contract covering 1,000 drivers who deliver milk from the New York milkshed to dealers in New York City, New Jersey and Connecticut.

Both union and management representative indicated they would resume negotiations today.

Present hourly base pay ranges from \$1.57 to \$1.77. The latest union demands for an increase would boost this to \$2 to \$2.30. The union is also seeking a variety of other contract benefits.

First Plays Off In Month. It was the first playoff on the pro golf circuit in two months.

On the last hole of regular play, Bradley missed a five-foot putt and took a 68.

Burke burned up the course in the final 18 with the hottest round of the tournament, a 64.

And Ford dropped a 30-foot putt on the 18th for a 69 which enabled him to match the 272 total. It was his high score of the four rounds. He had stayed at the top Friday and Saturday with scores of 68-66-67 for the first three rounds.

REJECT FOES PLEA

BUENOS AIRES, Argentina (AP) - President Juan Peron's newspaper voice has rejected the opposition Radical party's call for an end to the state of internal war in Argentina.

The paper, Democracia, said in an editorial yesterday that Peron's government needs the sweeping police and court powers, resulting from the suspension of constitutional guarantees nearly four years ago, "while belligerents exist."

TEXAS RANCHER WINS PLAYOFF IN AKRON OPEN

AKRON, Ohio (AP) - In a finish as close as they come, Henry Ransom, a rancher from Edge, Tex., who plays golf's pro circuit only part time, won the \$15,000 Rubber City Open yesterday in a sudden-death playoff with three rivals.

Ransom holed a 12-foot putt for a birdie three on the first extra hole. The 72-hole contest, which started Thursday, wound up with four sharpshooters tied at 272, or 16 under par for the 6,700-yard Firestone Country Club course.

PGA Champion Doug Ford 6, Kiamesha, N. Y.; Jack Burke, also of Kiamesha; and Jackson Bradley of Houston had the 272s along with Ransom and went into the playoff for the \$2,400 first prize.

Small Supply Of Salk Vaccine Will Reach Private Physicians

HARRISBURG (AP)—A comparatively limited supply of Salk vaccine is expected to be in the hands of private physicians for commercial sales in Pennsylvania within a few days.

"I would like to emphasize, however, that it will be a very limited supply unless more is made available shortly," said Dr. Berwyn P. Mattison, state health secretary.

He pointed out that the department estimates there are 954,282 children in the 5 to 9 age group which has received a priority for earliest inoculation. Of this number some 477,000 are enrolled in the first and second grades and were eligible for free vaccine from the National Foundation for Infantile Paralysis.

Pennsylvania will receive 52,569 cubic centimeters of the 846,000 released nationally for commercial sales yesterday. That is enough for 52,569 individual shots.

Under a master plan to insure the equitable distribution of all available vaccine on a long range basis, some 10,500 cubic centimeters, or 20 per cent of the state total, will be taken by the state health department for free distribution to children of medically needy families through local public health agencies.

42,000 Units Left

That will leave about 42,000 cubic centimeters for commercial distribution throughout the state.

"I don't know exactly when it will arrive in the state but I would guess it will be a matter of a very few days," Dr. Mattison estimated after receiving official notification of the Pennsylvania allotment yesterday. He said Pennsylvania's supply will come from Eli Lilly & Co., Indianapolis manufacturer.

Dr. Mattison said the share for the needy will be sent directly to the department at Harrisburg. The remainder will be available to private physicians through regular drug channels. He was unable to estimate how many firms would receive vaccine for sale to doctors but said that depended on the manufacturers' arrangements.

Under the master plan adopted

Archbishop Is Expert At Locating Money

BOSTON (AP)—Catholic Archbishop Richard J. Cushing says he can "find money any place."

And he proved it when John H. Dobbins was having difficulty locating two \$1,000 checks on the podium during a scholarship dinner.

The unfrustrated Dobbins joked and chatted with the audience while he and two associates sought the missing checks.

Finally, Archbishop Cushing leaned over the rostrum and found the checks which had slipped under it.

Quipped the prelate—who has raised millions for diocesan activities: "You should have asked me in the first place. I can find money any place."

Dr. Mattison said that overall approval of the entire Pennsylvania master plan has not been received from federal officials but that the proposed 80-20 dividing ration has been approved verbatim as well as other particulars.

TITO SAYS REDS STILL JAIL HIS SYMPATHIZERS

By WILLIAM L. RYAN
AP Foreign News Analyst

President Tito of Yugoslavia says some satellite Communists are still arresting people who favor Soviet-Yugoslav cooperation.

This can mean one of three things:

First, that the satellite leaders in question are out of the control of Moscow;

Second, that the satellite leaders are afraid of the current regime in Moscow will not last;

Or that there is a large element of fraud in the recent apologies to Tito by Soviet Communist boss N. S. Khrushchev and Premier Bulganin.

Tito said such things were going on "especially in Hungary." But the Soviet Union has had enough power in Hungary recently to have the Premier of the country thrown

out for not toeing the Moscow economic line. Surely it would not tolerate political defiance from Hungary's rulers. And if, as Tito said, his enemies worked "behind the scenes," how could they jail anybody for Titoism without the knowledge of the Communist party leaders?

May Not Be Genuine

Tito thus openly gave expression to fears that the Soviet gestures might not have been genuine. If satellite Communists can hold to such an opinion and continue jailing suspected Titoists, despite their obvious fidelity to Moscow in all other things, then something surely must be wrong.

Tito, by speaking so openly about the subject, may be seeking iron-clad assurances from Moscow that the rug will not be pulled out from under him.
